PROFESSIONAL SUMMARY

Results-driven Software Developer with 3+ years of experience designing scalable web applications, REST APIs, and cloud-based solutions. Skilled in backend development, frontend integration, and database optimization using Python, JavaScript, React, and cloud technologies. Passionate about building data-driven products and improving application performance.

TECHNICAL SKILLS

Languages: Python, JavaScript, TypeScript, Java, SQL

Frameworks: React, Node.js, Express, Django, Flask

Databases: PostgreSQL, MongoDB, Firebase, Redis

Cloud & Tools: AWS (EC2, S3), Docker, Git, Linux, Jira

Other: REST APIs, Agile/Scrum, CI/CD, Unit Testing

WORK EXPERIENCE

Software Developer

Infosys Ltd. | Bengaluru | June 2022 – Present

- Designed and developed internal enterprise applications used by 500+ employees, improving project allocation efficiency by 35%
- Built scalable REST APIs using Node.js and Express handling 15,000+ daily requests with 99.8% uptime
- Migrated legacy frontend architecture to React, reducing page load times by 40%
- Improved database query performance by 28% through indexing and optimization
- Increased unit test coverage to 85% using Jest and Mocha

Junior Developer

TechServe Solutions | Hyderabad | Jan 2021 – May 2022

- Developed customer-facing portal using Django and PostgreSQL supporting 2,500+ active users
- Built Python-based automation scripts reducing manual processing time by 45%
- Integrated Razorpay payment gateway and improved transaction success rates by 18%
- Resolved 150+ production issues and enhanced platform stability

PROJECTS

Personal Finance Tracker

- Built React + Firebase application for monthly expense tracking with dynamic charts and budget alerts
- Implemented secure authentication and real-time synchronization using Firebase
- Deployed application on Vercel with responsive UI support

Movie Recommendation System

- Built content-based recommendation engine using TF-IDF and cosine similarity on 5,000+ movies
- Developed Flask-based web interface for recommendation generation

EDUCATION

Bachelor of Technology in Computer Science

VIT University | CGPA: 8.2/10

CERTIFICATIONS

- AWS Cloud Practitioner
- Google Data Analytics Professional Certificate
- HackerRank Python Gold Badge
